

Dear K-12 Parents:

Dental and/or physical exams are required by the Pennsylvania School Health Act for new students and for those students entering the grades noted below. It is strongly urged that the examination be done by your family physician or dentist, especially in the case of kindergarten children. However, the school will provide a free examination by a doctor and dentist.

The required forms are enclosed. If the exams are done privately, the completed forms are to be returned to the school office **no later than August 1**. Please indicate below whether your child will be seen by your family doctor/dentist or by the doctor/dentist provided by the school, and return this form as soon as possible.

Thank you, and please contact me if you have any questions.

Heather Gustafson
Health Records, ext. 121 hgustafson@kimberton.org

Student Name

Grade

Parent/Guardian Signature

Date

Physical Examination

Required for students entering grades K, 6, 11, and ALL new enrollments

Check One

- _____ 1. I will have my child examined by the family doctor and return the medical form to the school no later than August 1, 2019, but I give my permission for the physician provided by the school to perform this examination if I fail to return the completed form by the start of school.
- _____ 2. I hereby grant permission for this free examination, which I understand is cursory and not equal to a full medical examination.

Dental Examination

Required for students entering grades K, 3, 7, and ALL new enrollments

Check One

- _____ 1. I will have my child examined by the family dentist and return the dental form to the school no later than August 1, 2019, but I give my permission for the dentist provided by the school to perform this examination if I fail to return the completed form by the start of school.
- _____ 2. I hereby grant permission for this free examination, which I understand is cursory and not equal to a full dental examination.
