

Dear KWS Students and Families,

The Athletic Department is excited to welcome you back to school, and we are looking forward to beginning our fall seasons! The information (see the attached document) will explain the sports being offered, who is eligible, pre-season info and much more. PLEASE reply ASAP to the appropriate coach so they can put a roster together and start communicating with the team.

If you have any questions, please contact me and/or the appropriate Coach. Please make sure athletes come prepared for practices with proper equipment, attire, water, sunscreen, etc. Also, please remember that pre-season is VERY important, as games/matches/meets start almost immediately once school is back in session.

All students in grades 6-12 are required to have current ImPACT tests on record. A link will be sent out so these may be completed at home. If your student took the test last year, there is no need to complete it again this year, as the test is good for two years.

As you know, all High School students are required to participate in one KWS varsity sport each year in order to fulfill the state's Physical Education requirement. Please be aware that failure to do so will result in having to complete the requirement through your local school district during their summer session.

I am looking forward to working with all of you, and I am excited to watch our many student athletes compete on the fields/courts!

Elizabeth Cuesta
